Form Summary

Please share your educational and career goals/aspirations and how you plan to move toward greatness:

I plan to start college in the fall. Majoring in Exercise Science/ pre-physical therapy and minor will be business or special education. So when I graduate I will be able to start training to be a physical therapist. To ve towards the future one day be able to work with pro teams as their physical therapist. But also with business start my own place for physical therapy for people to come too. Including SpecialEducation also being able to work with all types of different people.

For all this to happen I need to get on campus first. Getting as many scholarships as possible. But also making sure I work hard and study. Eat healthy and workout.
